

Welcome to SweMUN

SweMUN is UNA Sweden's annual national UN-role play for high school students. This year the conference will be co-hosted by our FN-skola Falu Frigymnasium in Falun, where you as a delegate will get the opportunity to simulate the General Assembly and the Security Council in English.

The questions during the conference will have a clear connection to Agenda 2030 and the global goals. Apply to one of our four committees in the General Assembly, or why not the Security Council and experience the challenges that Sweden is now facing as we take a seat in the council January 1, 2017.

We can guarantee three exiting days and an experience worthwhile!
